

Judges report Tallinn 2005-02-19. (*originaaltekst)

Thank you very much for inviting me to your show. I was very surprised when the club told me that you have 40 dogs entered nearly two months before entry close. It is a great entry with 54 dogs, in Sweden we are used to mostly 16 dogs at club shows.

I arrived Tallinn with thoughts about what can I expect to get in the ring, and how many countries are they from. Very surprised when they told that everyone was from Estonia. I was very pleased to see so many beautiful TM, and tell everyone in Sweden what great dogs you have. You had a beautiful prizetable and a nice warm hall with a very nice sized ring.

My first class was the junior males, a big class with 19 dogs. When I saw the class and the quality I decided to use Excellent for dogs of excellent type with not so many faults, Very good to dogs of excellent type but with more faults. Good to dogs with missing in type and have more serious faults.

My winner in this class was **EJSON ODRUMCAJSE A MANKY** a German import, who I believe when he gets older will have a great future. A beautiful male in outline with a very good head and expression. Beautiful body for age, but still needs a little more. Moves well. He got Best male 3, JCAC and Best in Show Junior.

Open Class male winner **CH CHENPOREWA BLACK PRINCE** a nice well built male who was my CAC winner and Best male 4.

Championclass winner and BOB BIS 2 **CH CHENPOREWA ANDORG** a beautiful strong TM with a special expression and an excellent skull. He looks like an old painting from Tibet. And moves light and easy according to his size. A true Tibetan. His brother **CHENPOREWA ARSHANG** second in championclass and best male. Third championclass male was **CH PRINCE VAN ALTNAHARRA** were not at his best today to beat the other two boys. I saw in the catalog that he had a great influence of the breed. He really did so good for the breed. He is the second son I judged after Andor van Altnaharra who I had Best of Breed at KTR Show year 2000 and his son Jigme Bargamo van Altnaharra BOB at Tibet Dog Europe 2002.

Junior class bitches had an entry of 18 dogs. I think bitches are harder to judge than males. Winner juniorklass **MEI DAN TIISTAI** Junior CAC and best bitch 2. with nice head and expression good body.

Open class bitches winner **CH RIBESSITA THE PEAK OF TASHI TSERINGMA** BOS and CAC a beautiful wellbuilt bitch with a very nice head and expression and excellent body.

It was a great experience to judge so many TM and hope the breed is going to have a good future in Estonia. Hope to see your dogs somewhere in the ring. Thank you for nice hospitality and nice atmosphere around the ring. Thank you to my stewards who helped me during the day.
